**CITY DIPLOMACY**

The Mayor's Office of International Affairs (MOIA) leverages L.A.'s identity as a global city to deliver tangible and equitable benefits for Angelenos, including through jobs, investment, and opportunities. We deepen our City's connections with the world to make our City more welcoming, safe and resilient, affordable, and sustainable.

A large crowd of people is gathered in a public square in Paris, likely Place de la Concorde, for a Paris 2024 Olympic event. In the background, the ornate facade of the Paris City Hall (Hôtel de Ville) is visible. The foreground features a blue and white striped running track. Large blue and white geometric structures with the Paris 2024 logo and Olympic rings are part of the event's infrastructure. The scene is overlaid with a semi-transparent blue filter.

**Paris 2024 illustrated how major events can accelerate our policy goals and build strength as a region.**

**These events are opportunities to tell the story of our communities, our neighborhoods, and our connections to the world.**
