The Los Angeles County Cluster meetings are held to enhance public engagement and transparency in the policy making process. These meetings allow residents to learn about and voice their opinions on upcoming Board motions and County policies that may impact their community. The meetings are held both virtually and in-person, providing an opportunity for public comment and meaningful dialogue with county representatives.

The meetings are part of the County's Cluster Review Process, which has been extended until further notice and includes a focus on Economic Development matters. The process aims to improve interdepartmental collaboration and enhance public engagement on Board motions, ensuring that more voices are heard in the policy making process.

Currently, the following Cluster meetings are held estimated to take place on the 2nd and 4th Thursday of the month:

- Operations Cluster
- Community Services Cluster
- Family and Social Services Cluster
- Health and Mental Health Cluster
